

## Pocatello • Idaho Falls

LAT/LONG: 42.4656103,-112.9619461

Bird the first 1.5 miles of Cedar Ridge Road and look for Woodhouse's Scrub-Jay, Gray and Dusky Flycatchers, Juniper Titmouse, Blue-gray Gnatcatcher, Mountain Bluebird, and Chipping and Brewer's Sparrows in Utah juniper habitat. Scan farmland for Sharp-tailed Grouse, Horned Lark, and Vesper Sparrow. When hiking the primitive side road, look for Ash-throated Flycatcher, Pinyon Jay, Black-throated Gray Warbler, and Lark Sparrow. Along Green Canyon Road look for Calliope Hummingbird, Virginia's and MacGillivray's Warblers, and Green-tailed and Spotted Towhees. In the forests, expect Hairy and Downy Woodpeckers, Red-naped Sapsucker, and Tree Swallow. 50 to 70 species are possible. Surrounding land is private.
